

Chapter 101-2 Extra

The next day, Ji Jingrong was awakened by sunlight streaming through the window.

All the memories from last night suddenly appeared in her mind.

So last night, did she act like a hooligan?

Ji Jingrong's face instantly turned bright red again.

She picked up her clothes that had fallen to the floor and pulled out a business card from them.

She placed that business card on the bedside table.

But seeing the 20% discount on it, she felt it wasn't appropriate.

She took that business card back and carefully searched through her pocket, finding another business card.

Seeing the 10% discount on it, Ji Jingrong nodded and placed it on the bedside table.

She also carefully adjusted the angle to ensure Yin Lingzhu would see it as soon as she woke up.

After finishing all this, she quietly left the room.

When Yin Lingzhu woke up, she indeed immediately noticed the business card.

She reached out to take the business card and examined it carefully.

"With this card, you can enjoy a 10% discount when consulting on legal matters."

Seeing this message, Yin Lingzhu suddenly laughed out loud.

This Ji Jingrong was really stingy.

Was she被白嫖了¹ by someone?

Yin Lingzhu thought amusedly.

All day long, Ji Jingrong's mind wasn't on her work.

"Jingrong, are you okay?"

Someone nearby, seeing the boss wasn't around, quietly sent her a message.

"I'm fine."

Ji Jingrong replied, puzzled.

The colleague's next message puzzled Ji Jingrong even more.

"If you're not feeling well, just take leave directly. Don't force yourself."

Ji Jingrong completely didn't understand why her colleague would think this way, so she replied again.

"What's going on? Why do you think I'm sick?"

The colleague typed rapidly.

"I saw you when you came in this morning."

Ji Jingrong was completely confused. She had checked herself in the morning and was sure there were no visible marks.

"Your legs were shaking when you walked."

Ji Jingrong realized what she meant, and her face turned red again.

"And you've been rubbing your waist all day today."

Ji Jingrong's face became even redder.

"You actually sat at your workstation for so long without actively looking for work."

Ji Jingrong looked at her colleague, who had even sent a separate message full of exclamation marks to express her surprise.

She recalled and suddenly realized that today she was indeed different from usual.

"Cough."

Ji Jingrong coughed as if to cover up and sent a message to her colleague.

"Yes, I'm just not feeling well today."

After all, compared to the truth of the matter, being sick seemed more believable and reasonable.

Yin Lingzhu cleaned up yesterday's "battlefield" a bit, left the business card on the table, and departed.

Footnotes:

¹ 被白嫖了: Internet slang meaning "to be taken advantage of for free" or "to get something for nothing from someone." In this context, it humorously refers to the intimate encounter where Ji Jingrong only left a business card with a discount as "payment."
