

Chapter 38-2

The next day, when Yin Lingzhu woke up, she felt something was wrong with her neck.

It seemed to hurt quite badly, and it didn't feel like the kind of pain from straining her neck.

Her neck pain was mainly concentrated around the glands at the back of her neck. It wasn't just painful, but also somewhat itchy.

Yin Lingzhu felt this kind of pain was still bearable for her, so she didn't pay much attention to it.

She obediently went to the film crew.

The day passed quickly, and it went quite smoothly. There was no Yan Si, no Si Xin, no annoying emotional entanglements.

She only needed to act her part well and experience the story happening in another time and space.

Yin Lingzhu's good mood continued until the crew wrapped up for the day.

Just as Yin Lingzhu was about to greet the director and prepare to leave.

Suddenly, the pain at the back of her neck intensified dramatically. This pain seemed to transmit directly to her brain. Her vision went black, and then she lost consciousness.

Before she closed her eyes, she saw the director's panicked expression.

When her consciousness returned, before she even opened her eyes, the scent of disinfectant filled her nostrils.

Yin Lingzhu's heart sank, hoping the doctor she encountered wouldn't be You Xiaoxiao.

Based on how her neck had been feeling wrong since last night, her glands should have developed some problem.

Yin Lingzhu sighed slightly and opened her eyes.

What came into view was a white coat so bright it was dazzling.

Yin Lingzhu's gaze moved upward, and sure enough, it was that familiar face.

You Xiaoxiao saw Yin Lingzhu wake up and revealed a big smile.

"You're awake."

Yin Lingzhu looked at her and took a long time before speaking, "How is my body?"

You Xiaoxiao looked at her hand receiving the IV drip, "Your pheromones haven't been released for a long time, have they?"

Hearing this, Yin Lingzhu rolled her eyes at her.

"Aren't my glands already damaged? What is there to release?"

You Xiaoxiao made a "tsk" sound, "Don't worry, there's nothing wrong with your glands."

Yin Lingzhu didn't believe it. If there was nothing wrong with her pheromones, then that night, how could she have been unable to release her pheromones?

You Xiaoxiao seemed to see what Yin Lingzhu was thinking.

She casually sat down and crossed her legs, "Your glands had excessive pheromone extraction, so they can't release anything for a short period."

"It'll be fine after that period passes."

Yin Lingzhu looked at her, "Really?"

You Xiaoxiao nodded, "Really."

"But your gland condition is not optimistic."

Yin Lingzhu quietly looked at her, waiting for her next words.

Under Yin Lingzhu's gaze, You Xiaoxiao spoke with some difficulty.

"To put it simply, you need to... release."

After You Xiaoxiao finished speaking, she seemed to breathe a sigh of relief.

Yin Lingzhu was confused by her behavior. Why did You Xiaoxiao look as if a weight had been lifted off her shoulders?

But Yin Lingzhu needed to understand one thing.

"You've met with Yan Si."

Yin Lingzhu's eyes stared tightly at You Xiaoxiao, carefully noting every change in her expression.

You Xiaoxiao was stunned at first, then quickly reacted, "No, you were an emergency case. I didn't have time to talk to her."

But Yin Lingzhu noticed her pause. People's mouths can lie, but subconscious physical reactions can't deceive.

You Xiaoxiao had definitely met with Yan Si.

Yin Lingzhu thought with certainty.

"You said release—how do I release? Sleep with someone?" Yin Lingzhu smiled meaningfully.

Hearing Yin Lingzhu say this, You Xiaoxiao subconsciously glanced at her own pocket.

"No, no, it's not that." You Xiaoxiao's words were even a bit unclear.

"What I mean is, you just need to have multiple temporary markings¹ with one person. If you want a complete marking, that's fine too."

You Xiaoxiao looked at her, her words full of caution.

Yin Lingzhu looked at her with a half-smile, "Then I can find several people and have each person give me one temporary marking."

Hearing her say this, You Xiaoxiao felt all her hair stand on end.

She pretended to be relaxed while covering her pocket.

But this action further confirmed Yin Lingzhu's suspicion.

She casually glanced and saw some bulging in You Xiaoxiao's pocket, looking like something was stored inside.

What could it be?

Yin Lingzhu thought silently.

From the way she spoke just now and You Xiaoxiao's action of covering her pocket.

It seemed to be something that could make calls.

Perhaps a phone.

"Of course you can." You Xiaoxiao answered reluctantly, her face showing a smile that looked worse than crying.

"I'm just afraid you won't be able to find that many people."

Hearing this, Yin Lingzhu immediately perked up and deliberately raised her voice considerably.

"Doctor, you don't need to worry. Just tell me, how many people do I need?"

You Xiaoxiao looked at Yin Lingzhu with a pained expression and clutched her pocket even tighter.

Footnotes:

¹ **Temporary marking:** In the ABO (Alpha, Beta, Omega) universe, this refers to a temporary form of claiming between an Alpha and Omega that involves biting the neck glands. Unlike permanent marking, temporary markings fade over time and don't create a lifelong bond.
