

## Chapter 41-2

Returning to her room, Yin Lingzhu took out the two suppressants from the bedside table and placed them on the desk.

The blue reagent in the glass bottle seemed to have a galaxy-like dreaminess.

Her gaze fell on the reagent, but her mind was thinking about what Yan Si had just said.

Yin Lingzhu's thoughts had not changed until now.

Compared to the "like" that Yan Si spoke of, she was more inclined to believe it was because Yan Si was not used to it.

Not used to not having her as a lapdog<sup>1</sup>.

Even though Yan Si had explained about Si Xin's situation, she still didn't believe it.

With Yan Si's power, getting Si Xin to accompany her in acting wasn't difficult at all.

During that pheromone extraction, she lay on the cold equipment, facing the pain of death for the first time.

Even though she had already died once before, that time she could say she felt no pain.

But during the pheromone extraction, she truly felt immense suffering.

As if she would really die there.

Thinking of this, Yin Lingzhu's heart suddenly hardened.

She and Yan Si were really not suitable to be together.

Between them, apart from gender, there was nothing compatible.

In the past year, Yin Lingzhu had thought countless times about whether she and Yan Si would still have a chance if she hadn't differentiated into S-class.

The answer was obvious.

Yin Lingzhu lay on the bed, her heart full of mockery.

They should never have met in the first place.

Why did this world need someone like Yin Lingzhu to exist?

When Yan Si came out of the makeup room, the makeup on her face had changed again.

Her new makeup was very heavy, almost covering her original skin tone.

It naturally also covered her pale cheeks and red-rimmed eyes from crying.

When she came out, she walked to her car as if nothing had happened.

She knew how humble she had just been, but she couldn't control her heart.

In that moment, she was indeed thinking that if Yin Lingzhu could change her mind and be willing to come back.

Even if Yin Lingzhu was with someone else during her heat cycle, it would be okay.

Yan Si knew this way of thinking was wrong, but she couldn't control it.

Yan Si drove back to the hotel. When filming, she generally didn't like having people around her.

When she got on the elevator, she looked at Yin Lingzhu's floor, her finger hesitating above it several times, but still didn't press it.

What would be the point of going? Yin Lingzhu didn't want to see her right now either.

Yan Si thought bitterly, moving her finger to press her own floor.

The morning sun was very bright. Even though it was autumn, it still gave people a summer feeling.

But now, large clouds pressed down on the sky, showing a light gray color, giving people a depressing feeling.

Yin Lingzhu looked at the sky, feeling something blocking her heart.

She had an ominous premonition.

But she still had to go to the film crew in the afternoon. Right now, she was no different from being penniless.

Yin Lingzhu had just opened her hotel room door when she saw someone crouching at the entrance.

Seeing her come out, they anxiously tried to pounce on her.

This scared Yin Lingzhu into immediately closing her door tightly.

Even though it was just a glance, she recognized that the person outside was Si Xin.

"Miss Yin, Miss Yin, please open the door!" Si Xin was frantically pounding on the door while shouting loudly.

"Miss Yin, please, I beg you, plead with President Yan to let me go!"

Yin Lingzhu was frantically holding the door shut from inside. In the emergency just now, her door wasn't locked at all.

Si Xin stopped making noise at the door. She discovered the door wasn't locked, and now her hand was frantically twisting the door handle.

Twisting and hitting at the same time, with this operation, Yin Lingzhu had no way to lock the door.

"Miss Yin, please, I beg you!" Si Xin shouted loudly.

Yin Lingzhu was left with no choice by her behavior.

"Stop hitting, I'll open the door." Yin Lingzhu was somewhat angry from her harassment, her voice very irritated.

Si Xin seemed not to hear the annoyance and excitedly said, "Good!"

Seeing that Yin Lingzhu really opened the door, Si Xin seemed to want to pounce on Yin Lingzhu again.

Yin Lingzhu quickly raised her hand, blocking in front of her body.

"Stop. Whatever you want to say, just say it. You don't need to be so close."

Yin Lingzhu looked at Si Xin with some disgust. From any perspective, she didn't like Si Xin.

Si Xin saw the annoyance in Yin Lingzhu's eyes and secretly clenched her fists.

But thinking that she still needed Yin Lingzhu's help, she quickly put on a flattering smile again.

"Lingzhu, can you help me and say something to President Yan to let me go?" Si Xin bent down, speaking ingratiatingly.

Yin Lingzhu extended her hand, stretching out one index finger and shaking it left and right.

"Miss Si, we're not that familiar. Please call me by my full name."

"Moreover, Yan Si and I have no relationship now. Coming to find me is useless."

Si Xin hadn't expected Yin Lingzhu to say this. She was stunned for a moment, and the smile on her face froze.

"Yin Lingzhu, don't be so ungrateful! I'm begging you like this." Si Xin immediately put away the smile on her face and roared angrily.

Yin Lingzhu was amused by how quickly she changed faces.

Just at this moment, the elevator suddenly stopped on this floor.
