

Chapter 72-2

In the footage, one person held an apple between their neck and chin, then passed this apple to the next person.

The second person also had to catch it using their neck and chin, without using their hands at all throughout the process.

Passing it along like this, one by one, until reaching the last person.

Yin Lingzhu watched the two people in the video, feeling a bit stunned.

Because the distance between their faces was almost touching - only three or four centimeters apart.

Is this the power of dating variety shows?

She had only known these people for three or four days at most, and this distance felt too intimate.

"Why are you so shocked?"

Wan Miaoyin looked at Yin Lingzhu's eyes and said with amusement.

Yin Lingzhu looked at her and said quietly, "I feel this distance is too intimate. I'm a bit uncomfortable with it."

Wan Miaoyin also nodded. She saw the microphone on Yin Lingzhu's face, a smile appearing at the corner of her mouth, but she also followed Yin Lingzhu's lead in lowering her voice.

"I feel the same way."

【What did I just see? Isn't Miaomiao being a bit too scheming?】

【Right, Zhuzhu forgot about the mic, but Miaomiao definitely did it on purpose.】

【Hehehe, it's rare to see Miaomiao being so mischievous. Indeed, these two are the most compatible.】

【Come on, dating variety shows are still variety shows after all. Maybe they're deliberately trying to attract attention.】

【People with dark hearts see everything as dark.】

【I'm telling the truth. If you don't like hearing it, then forget it.】

【Let's ignore that person. How happy it is for us to ship this couple together.】

Yin Lingzhu was completely unaware of everything happening.

She was still thinking about the game content, feeling it was somewhat inappropriate.

But this was prepared by the production team. Even if she didn't want to, there was no way around it.

Even though Yin Lingzhu was extremely unwilling in her heart, she was still very obedient in her actions.

Eight people in total - the director hadn't arranged specific positions, leaving it for them to discuss among themselves.

Except for Yin Lingzhu and Wan Miaoyin, everyone else was discussing which position to take.

They could also see the value of this game, so they all wanted a good position.

Generally, the earlier positions were better because the audience would have a sense of novelty.

Yin Lingzhu glanced at the TV, which was still playing the game rules. She happened to see the scene of two people's faces pressed together.

This made Yin Lingzhu immediately look away.

At this moment, everyone had finished their discussion.

The positions had been arranged.

Yin Lingzhu stood in the last position, with Wan Miaoyin in the position in front of her.

The first position was Li Li¹, and the second position was his Omega.

Yin Lingzhu had no objections to this arrangement.

But she still felt a bit awkward in her heart. With Wan Miaoyin in front of her, it meant she would need to face Wan Miaoyin directly.

Their past relationship was somewhat awkward when viewed from their current perspective.

Thinking about this, Yin Lingzhu secretly glanced at Wan Miaoyin, but unexpectedly, Wan Miaoyin was also looking at her.

The two suddenly made eye contact.

The awkward feeling in Yin Lingzhu's heart suddenly increased by a lot.

She gave Wan Miaoyin a small smile, but the smile was full of discomfort.

Wan Miaoyin saw Yin Lingzhu's smile and was stunned for a moment.

"What's wrong?"

Yin Lingzhu shook her head and pointed to the people who had lined up. "They've already arranged themselves. Let's go too."

Wan Miaoyin nodded blankly, but obediently followed behind Yin Lingzhu and stood in her position.

【Wow, this CP chemistry, I really love it】

【If they don't have something going on, I don't believe it.】

【What are you fantasizing about? Didn't Wan Miaoyin already say at the beginning that she likes a Beta?】

【I also find it a bit strange. I don't feel at all that Miaomiao likes that person.】

【Same here. These past few days, Miaomiao hasn't had any contact with that Beta at all. She's been with Zhuzhu the whole time.】

【You're just wishful thinking.】

After Yin Lingzhu and Wan Miaoyin took their positions, Li Li glanced at them.

Qin Luo² pinched Li Li's arm. "What are you looking at?"

Qin Luo was the other Omega besides Wan Miaoyin, and also Li Li's boyfriend.

After feeling the pain in his forearm, impatience flashed in Li Li's eyes, but when he raised his head, it was a bright, sunny smile.

"Except for my baby, I won't look at anyone else."

Hearing this answer, Qin Luo was satisfied and huffed through his nose. "Good that you understand."

After Qin Luo turned his head away, shadows flashed in Li Li's eyes.

As the director shouted 'start', Qin Luo placed the apple in his hand at his neck and slowly approached Li Li.

Li Li was also very cooperative, moving close to Qin Luo and catching the apple with his chin and collarbone.

The closest distance between them was only two centimeters.

【I saw it! Won't Zhuzhu and Miaomiao also be this close? So excited!!!!】

【Already starting to look forward to it. The production team understands my heart.】

Just as this game was proceeding, someone had just gotten off a plane.

She looked at this familiar place and raised a smile.
