

Chapter 81-1

The assistant director obviously discovered this fact as well.

He looked at Yan Si, feeling increasingly fearful in his heart.

Yan Si looked at the two people in front of her, their faces equally pale.

She already had a good idea of what was happening.

Yin Lingzhu was being targeted by two people at the same time.

And it was probably all that Qin Luo's doing.

Yan Si immediately sent a message to her assistant.

She asked her to investigate Qin Luo's background.

She wanted to know who exactly this Qin Luo was, to be able to buy off both of them simultaneously.

After sending the message, she actually had a pretty good idea in her heart.

If she wasn't mistaken, Qin Luo should be from the Qin family.

The director and assistant director stood trembling in front of the desk, not daring to breathe heavily.

And judging from Qin Luo's arrogant attitude, his position in the family shouldn't be low.

The assistant's reply came quickly and confirmed Yan Si's thoughts.

Moreover, Qin Luo's status was even higher than Yan Si had imagined.

Qin Luo was actually the legitimate second young master of the Qin family.

Not the illegitimate child type.

Yan Si recalled for a moment and found that she had never seen this person in her memory.

Instead, she had met the Qin family's eldest young master.

Yan Si was slightly puzzled, then her assistant's second message arrived.

Yan Si quickly scanned her phone, and a contemptuous smile appeared at the corner of her mouth.

She now knew why she had never seen Qin Luo.

The current head of the Qin family was named Qin Ruri¹, who had two wives in total.

The first wife was a well-matched marriage, belonging to a business alliance.

The eldest young master Qin Qi was born to the first wife.

But after giving birth to the eldest young master, Qin Ruri divorced his first wife.

Less than a month after the divorce, Qin Ruri married someone else.

The person he married was now the Qin family's current madam.

She was also Qin Luo's birth mother.

From Qin Ruri's action of remarrying within less than a month, one could tell that Qin Ruri had no feelings for his first wife.

But due to their business marriage, face couldn't be torn apart.

Qin Qi was left in the Qin family.

But one could also imagine how much Qin Ruri disliked Qin Qi.

Qin Qi, Qin Qi² - the pronunciation suggested abandonment.

However, in Yan Si's memory, when she had business dealings with the Qin family, she had encountered Qin Qi several times.

But she had never seen Qin Luo even once.

Yet from Qin Luo's arrogant attitude, Qin Luo must be favored in the Qin family.

It seemed this Qin Luo had no business acumen whatsoever.

The vast Qin family - who knows whose hands it would fall into in the future.

Yan Si thought carelessly.

The Qin family - she could still afford to offend them.

A cold light flashed in Yan Si's eyes.

Qin Luo, a second young master of the Qin family - what could he do to her?

Even if Yan Si actually laid hands on Qin Luo, Qin Ruri would have to come to her door to apologize.

Afraid that Yan Si would get tired from hitting people.

But thinking about how Qin Luo targeted Yin Lingzhu, there was still that Li Li³ stirring up trouble.

Yan Si also couldn't quite figure it out.

She could see that Li Li had expressed malice toward Yin Lingzhu from the very beginning of the show.

But when exactly had Yin Lingzhu offended this Li Li person?

She had been with Yin Lingzhu for so long, she knew almost everyone Yin Lingzhu knew.

But she couldn't remember anyone named Li Li.

She furrowed her brow and simply stopped thinking about it.

"You, go bring Qin Luo to me."

Yan Si pointed at the director and commanded.

After the director left, the assistant director was alone in the room with Yan Si.

He reduced his breathing even more, trying hard to lower his presence.

Yan Si's heart was already extremely irritated.

The person who destroyed Yin Lingzhu's clothes still hadn't been found.

The assistant director kept his head down. After noticing that Yan Si wasn't looking at him, he glanced at Yan Si.

He also saw Yan Si's furrowed brow and roughly understood what Yan Si was thinking.

"President Yan, you could check to see if any suspicious people entered the changing room after the game started."

The assistant director said with courage.

Yan Si glanced at him but didn't speak.

She was currently looking at the surveillance content from after the game started.

But the assistant director, seeing her look, thought he had said something wrong again.

He lowered his head even deeper.

Yan Si set it to eight times speed and discovered that before Yin Lingzhu entered the changing room, only one person had gone in.

Yan Si paused the footage and immediately recognized who it was - it was the cameraman beside Yin Lingzhu.

The one who had been shot with water by Yin Lingzhu's water gun.

Yan Si frowned. She calculated the time in her heart and discovered that the cameraman had stayed inside for nearly half an hour.

Now Yan Si was pretty much certain that this person was the one they were looking for.

Looking at the assistant director standing in front of her, Yan Si didn't want to say much more.

"Bring this person here."

The assistant director looked at the screen and immediately identified the person.

Footnotes:

¹ Qin Ruri (秦如日) - The name literally means "Qin like the sun," suggesting someone who considers himself as bright and important as the sun.

² Qin Qi (秦戚) - While written as "戚" (relative/family), it sounds identical to "弃" (abandon/discard), creating a cruel wordplay suggesting the father named his son with abandonment in mind.

³ Li Li (李立) - A character who appears to be an antagonist in the story, though their specific relationship to the main characters is still unclear.
