

Chapter 77_2 - Enough

Ning Fuyi knew that people from the Blissful Union Sect naturally carried a kind of innate fragrance. Though not enough to bewitch souls, it would more or less arouse people's imagination, so she simply held her breath and didn't look up at the woman.

It had to be said that people from the Blissful Union Sect, whether male or female, were all enchanting. Just sitting across from her like this made one feel uncomfortable.

But no matter how beautiful and fragrant this person was, when Ning Fuyi suddenly thought about merging divine consciousness with her, she felt a surge of revulsion.

Ning Fuyi, this is to save your life - it's just dual cultivation. What's the harm in enduring it? Ning Fuyi pinched herself under the table and finally managed to put on a smile, raising her hand to pour tea for Mo Qihuai.

"Miss Mo, please have some tea." She extended her hand.

Mo Qihuai had been staring at her all along. Now seeing her speak, a smile bright as the sun spread across her face as she received it with both hands.

Just as she was about to say something, footsteps suddenly came from outside, followed by knocking.

Ning Fuyi immediately felt as if she'd been saved, standing up to open the door.

Standing outside was none other than Jiang Li. Ning Fuyi was about to say "you've finally come" when her gaze shifted and landed on Chu Qingqiu's face, her heartbeat immediately accelerating.

How could Chu Qingqiu be here in such an inappropriate situation? Ning Fuyi immediately felt uncomfortable everywhere, releasing her grip on the door frame to let the two enter.

"Senior Sister!" Mo Qihuai saw Jiang Li and stood up with a radiant smile. Jiang Li moved gracefully toward her, grasping her hands. "We haven't seen each other for several years. It's hard on you to rush here immediately after receiving the message."

"Since it concerns Senior Sister's friend, it's also my concern. Besides, the young sect master is such a beautiful woman - cultivating together with her will surely improve my abilities." Mo Qihuai smiled as she looked toward Ning Fuyi.

The Blissful Union Sect was indeed the Blissful Union Sect - their gazes were as sticky as glue. Ning Fuyi immediately got goosebumps all over and gave a perfunctory smile before turning to sit down.

By some strange impulse, she looked toward Chu Qingqiu, but the other wasn't looking at her - she seemed to be looking at nothing at all.

Jiang Li deliberately raised her voice, turning her mouth toward Chu Qingqiu's direction with sparkling eyes: "Though this technique doesn't require mutual affection, there must be no mutual repulsion. You two, sit closer."

Upon hearing this, Mo Qihuai generously moved closer to Ning Fuyi. The seductive atmosphere hit her face, but Ning Fuyi became even more uncomfortable, actually developing an impulse to knock the person away.

But after all, she was here to help, so Ning Fuyi could only endure it.

"Closer still. Later you'll need to share the same bed - if you're afraid now, what will happen when your divine consciousness merges?"

Jiang Li continued speaking, but Ning Fuyi's mind wandered, her attention entirely focused on Chu Qingqiu standing in the corner.

She normally wouldn't be afraid of such a scene, but with Chu Qingqiu there, she was so embarrassed her fingers clawed at the table edge, unwilling to let her hear another word.

"When that time comes, we'll leave and give this place to you two..."

"Wait, Medical Immortal Jiang..." Ning Fuyi finally couldn't bear the awkwardness and spoke up to stop her, but at the same time, a stern shout came from the corner.

"Enough!" Chu Qingqiu said with her back turned, unable to bear it any longer, her face frighteningly pale.

"Jiang Li, come out with me!" she said in a low voice.
